

ACAP *in the* Marketplace

The Association for Community Affiliated Plans represents 60 of the nation's Safety Net Health Plans, which provide a lifeline to low-income and vulnerable populations. Our 18 marketplace plans are on the ground in 13 states, providing essential care and coverage to millions of newly-insured Americans.

OFFERING AFFORDABLE COVERAGE

States where the lowest-cost silver or bronze level plan is offered by an ACAP-member plan.

Data tested on HC.Gov and assumes a 1-person household size and 35-year-old individual

Access to Care

ACAP's marketplace plans are committed to providing accessible, easy-to-understand coverage

ACAP plans offer coverage in rural counties

ACAP plans offer searchable online provider directories

Average ACAP plan enrollment growth, 2014-2015

partnerships

Family Health Network in Illinois formed a partnership with the Land of Lincoln CO-OP to offer affordable health care coverage options that would not have otherwise been available for consumers in the state.

timeliness

Seventy-five percent of ACAP's Marketplace plans report updating their provider directories either daily or weekly.

creativity

L.A. Care in Los Angeles has partnered with local 7-11 convenience stores so their members can pay monthly premiums in cash, while picking up groceries

Data about plan characteristics comes from a February 2015 internal ACAP survey.
